Rust spots on System buffed, zinc coated, and painted **			Included

**Only applies to black gates. If different coloured gates require painting spots, charges may be higher due to time for sourcing correct colour.

- Any faults that arise while servicing the gate installation will be included in the automation service report and charges may increase to resolve faults if required.
- These prices apply to automation systems up to 4M opening x 2M high, charges may differ with size of system. An addition of £40 per square meter will be included in the final invoice.
- Servicing an automation system will **not** increase the warranty on any parts of the installation with the exception of new parts. New parts receive a 1-year warranty from date of installation.
- **Customers using our service packages receive a 25% discount on replacement parts and materials**
